

re: proposed changes in LPFM

I am a KLOVE listener in Albuquerque, NM. (90.5 FM) KLOVE has many FM translators that are in danger of being overpowered if LPFM is changed as proposed. This station is a powerful force for peace and for the family everywhere it is heard. My eight-year-old granddaughter and I can listen together and I don't have to worry about what she hears. There are other Christian stations, but none with the heart and scope of KLOVE. Please leave things as they are so that we KLOVE listeners can have our station! Thank You.
